

COMMUNITY UPDATE

TOOMBUL DEMOLITION
MARCH 2024

Welcome to our monthly e-newsletter

Our monthly e-newsletter will keep near neighbours informed of upcoming works at Toombul.

E-newsletters will be distributed to our registered database via email each month and can also be found on our website by visiting <https://toombulrenewal.com/updates>.

What's been happening in March?

Local group Rosenlund Contractors Pty Ltd are continuing with the demolition of the former Toombul Shopping Centre. The demolition works are expected to complete in early 2025 depending on weather and progress.

In March, Rosenlund Contractors has been undertaking various works, including:

- Delivery of large equipment and machinery
- Safely removing hazardous material, in accordance with guidelines & legislation
- Installing a temporary water feed around site perimeter to manage dust
- Removal of the main pylon sign on Sandgate Road on the morning of Wednesday, 27 March

Towards the end of March, structural demolition of the centre will commence.

In the background, Waveconn and TPG are finalising telecommunications works in the carpark area.

What you might see

Various specialist machinery will be used including:

- Standard excavators
- Long reach excavators
- Bobcats
- Haulage trucks

Work hours

Works will take place during Brisbane City Council's standard building work hours:

**Between 6.30am and 6.30pm,
Mondays to Saturdays inclusive.**

If, from time-to-time, activities need to take place outside of these hours, we will notify you in advance (refer box right).

Out of hours work

The main pylon sign on Sandgate Road will be dismantled and removed on the morning of Wednesday, 27 March, between 12am and 5am. Works need to occur at this time to reduce impacts to the local community.

Closure to the bus interchange from 1am will be required to undertake these works, with traffic controllers and appropriate signage in place to assist pedestrians as required.

Brisbane City Council have approved these out of hours works.

What's planned for April?

In April, demolition works will include:

- Continuation of hazardous material removal, in accordance with guidelines & legislation
- Continuation of structural demolition
- Removal of material from site by haulage trucks

The majority of construction rubble and materials will be recycled at offsite facilities.

Stay informed

We understand that there will be some impacts to the local community, and we thank you in advance for your patience. Every effort will be made to reduce construction impacts and disruptions along the way.
